IN RECEIVER'S HANDS.

Directors Decide Fate of Argus Dry Battery Company—Fortune Losers—Manager Spicer Has Formula.

It was announced Thursday that the Argus Dry Battery company that has been engaged in the manufacture of batteries for about two years is to go into the hands of a receiver. This result has been expected by the officers of the company since the late management of the company's affairs about a year ago. The petition for a receiver will be filed by Attorney William A. King with the superior court in the near future.

When seen Thursday relative to the company's affairs, Attorney King said out this statement: "The Argus Dry Battery company at a special meeting of the directors Wednesday night decided that the best interests of all concerned demanded that the affairs of the company be placed in the hands of a receiver. The directors of the company have advanced money and endorsed some of the officers of the company aggregating dollars. The company's business demanded more money than was available and the receiver will be in charge of the company's affairs. It is probable that strong efforts will be made to reorganize the company and keep the business here."

Some fourteen men, it is understood, stand to lose as a result of the difficulties into which the company is plunged, among whom are Messrs. Shepard, F. H. Elmore, George K. Anderson, Mayor D. R. Dunn, Rev. Arthur DeBruycker, former pastor of St. Mary's church, Charles DeVillers and others. Further DeBruycker invested \$5,000 and Gilbert Storrs of Mansfield invested \$5,000 in the business when it was started. The company is now in the hands of a receiver, and it is understood that the receiver will be in charge of the company's affairs.

It is known that shortly after he left with the affairs of the company, Mr. Spicer got into quite a number of the business men along the streets before he left town, and cleaned up a number of thousand dollars from the company for which he worked after leaving the employ of Lucius S. Birelow, formerly of this city.

Michael J. Sullivan, for the past eight years manager of the City drug store, announced his resignation on Thursday to go to New Haven, Conn. on the evening of this week. Mr. Sullivan has entered the employ of a drug firm with offices in Boston. The company is opening up new stores in various Connecticut cities, and Mr. Sullivan will be sent to one of these new stores within a short time.

Mr. Sullivan has been closely identified with the drug business in this city for a good many years, starting to learn the business in the store where he has been manager for eight years, commencing under the tutelage of James Calnen, who was then manager. He went to Rockville from here on Thursday to go to his brothers, and then went to Hartford and was employed by George Loeffler. He came to the City drug store from Hartford. Mr. Sullivan has been a member of the Montgomery House company, No. 2, for a long time of years.

SEVENTH DAY OF RAIN.

Thursday was the seventh consecutive day that rain fell in Willmantic and vicinity, and still the recorded fall up to Thursday morning was not so great as that in Norwich as reported in Wednesday's Bulletin. William P. Jordan, who is spending the week at Lakeside, Wanganburg, South Coventry, is authority for the statement that the rainfall at the lake since the storm started a week ago showed but a precipitation of 2.1-8 inches up to Thursday morning, when he looked at his measure before coming to this city to attend to his daily business. He was of the opinion, however, that there would be a considerable change in the figure by this (Friday) morning because of Thursday's steady rain.

REPUBLICAN TOWN COMMITTEE

In Session Thursday Evening—Plans Made for Coming Caucus.
